

2021 SESHA Corporate Partnership & Virtual Symposium

About SESHA

The **Semiconductor Environmental, Safety & Health Association (SESHA)** is the premier Environmental, Safety & Health association serving the high technology and associated industries with more than 1,600 members. SESHA is dedicated to improving environmental, safety and health performance, preventing workplace injuries and accidents, and promoting technological advances through our education and professional development. Thanks to our leading-edge partners, SESHA remains on the forefront of the ES&H industry.

Annual Symposium

The SESHA Annual Symposium brings the global tech community together and showcases the latest innovations in the ES&H industry. The 2021 event is virtual and will reach a broader international viewership than ever before! The Symposium will take place in weekly three-hour courses from April 14 – July 21 from 12:00 pm to 3:00 pm EDT. Each course features multiple expert speakers on a specialized topics and participation from attendees. Sessions will be recorded and available to all attendees through the video on demand function on sesha.org. This is more than \$1,000 worth of educational content without the added travel expenses! Each registered participant will receive contact hours for each course attended, earning 40+ hours for the whole series.

Corporate Partnership

SESHA is proud to partner with some of the industry's most innovative and successful companies. Through their partnership, they provide us valuable support for our mission. We offer a variety of engagement opportunities to reach your company's marketing and continuing education goals. Gain exposure for your organization's products and services by reaching directly to the most comprehensive audience in the field.
